

SHOUT PRAISE

Praise Him sun and moon
Praise Him shining stars
All created things
Made at His command
Governments and kings
Nations of the earth
Gather young and old, to worship
Let everything that has breath
Shout praise!

Underneath our feet, there's a shaking
As the church awakes, to it's calling
Hope is rising strong, freedom's coming
Heaven and earth unite, in worship
Let everything that has breath

Shout praise to His name
To the name above all names
Sing glory, hallelujah
Hallelujah to his name
King Jesus, Jesus
Be praised

What you want, what you know
We've got to make his kingdom grow x3

The King is coming, the King is coming
Let everything that has breath praise Him x4

Let everything that has breath
